Mr G A Bushell
Bushell Raven Ltd
Covert Farm
East Haddon
Northampton
NN6 8DU

To Gary

Gunnebo and Chubb Safes have used Bushell Raven as our property project manager for a number of years.

They assisted in the disposal of the Chubb redundant factory site and are currently ensuring that the demolitions and remediation of the disposed site and the securing of Chubb Safes' retained premises are carried out in accordance with the sale contract.

In addition, they dealt with the removal of asbestos and the complete re-roofing of the retained premises.

Bushell Raven has also carried out claim settlements, schedules of condition and dilapidation reviews on a number of our properties throughout the UK and they have successfully negotiated settlements with our landlords and tenants.

We value their attention to detail and they always communicate with us to provide extremely high service standards and value for money.

Yours sincerely

Richard Baker
