Re: Brockhall Project

Dear Simon:

Thank you very much for your help in connection with the renovations to our house in England. We are very pleased with the work done, particularly the gallery in the bedroom and the new fireplace. The first hurdle was obtaining the necessary official approval of the changes to our Grade-II listed building, and the second was the complexity of putting a substantial gallery and spiral staircase into such an old building. Bushell Raven's advice and involvement from the early stage was very effective and led to a successful virtually problem-free project that exceeded our expectations. The result was on time and within the expected cost, and the quality of the work was first-rate.

Thanks again.

Yours truly,

  
Jim & Carol Malysiak
