Dear Dan

Now that we have been in our new clubhouse for a year I write to thank you for your hard work acting as our project manager and quantity surveyor.

The Association has worked on a strict budget from the outset and the value engineering exercise carried out at the beginning of the project has delivered a high quality building at an affordable cost.

We were particularly pleased with the way you co-ordinated the design team and the contractor and acted as a central point of contact for me throughout the contract.

Yours sincerely

Vincent P R Owen
Chairman
