Dear Gary,

I would like to take the opportunity to record, both on behalf of the company, and my own personal thanks for your thoroughly professional approach whilst acting as our construction manager and planning supervisor in connection with the design, construction, and commissioning of our factory and offices at Arley.

The project was run with the minimum of fuss, allowing us to take early possession of the building, and despite numerous specification and infrastructure changes, the work was completed within the agreed budget.

It was a pleasure to work with both yourself and your team, and we would certainly have no hesitation in recommending your services.

Yours sincerely,
Silver Knight Exhibitions Limited,

L.J.Long,
Operations Director.
